— AND —
HARDY PLANTS FOR FALL PLANTING.

The Japanese Iris.

Nurserymen, Seedsmen and Landscape Gardeners,

54 SIXTH STREET,

AUTUMN, 1895.

PITTSBURG, PA.

Trees, Shrubs, Hyacinths, Tulips, Narcissi, Lilies, Roses and Hardy Herbaceous Plants suit- able for Planting in the Fall.

Except where otherwise noted, everything offered in this list is entirely hardy and may be planted safely in the open ground in the Fall months. It is well known that bulbs, such as Hyacinths, Tulips, Narcissi, Crocus and many others, can be planted only in the Fall; but the advantage gained by planting Trees, Shrubs and Hardy Plants at this season is not so generally known as it should be. As a rule the Fall offers a longer season for such work than does the Spring, and more favorable weather can usually be depended upon. Trees and Shrubs set out in the Fall form new roots before cold weather, and will make a much stronger growth the first season than it is possible for them to do when planted in the Spring. The same is true of the Hardy Perennial Plants. Iris, Lilies, Pœnies, Foxgloves, Phloxes and other plants of like character will make a far more vigorous growth the first season, and produce a greater display of bloom than they will do when planted in the Spring.

How to Send Money.—We will be responsible for money sent by Express, Post Office Money Order, Registered Letter or Draft. *If sent in any other way we disclaim all responsibility.* Individual checks for amounts less than ten dollars will not be accepted, as we must pay for the collection of them.

Have Your Plants Sent by Express.—If a plant is worth buying it is worth paying express charges on. To send plants cheaply by mail they must be so small as to be of little value, and when they are large and strong the shock of removing the soil from the roots, necessary when sending by mail, would make them almost worthless. We always add extras to help pay the express charges. All bulbs can be sent safely by mail.

Credits.—Credit will be given on orders amounting to fifty dollars or more, but they must be accompanied, from unknown correspondents, with unexceptional references, given in one of the larger cities.

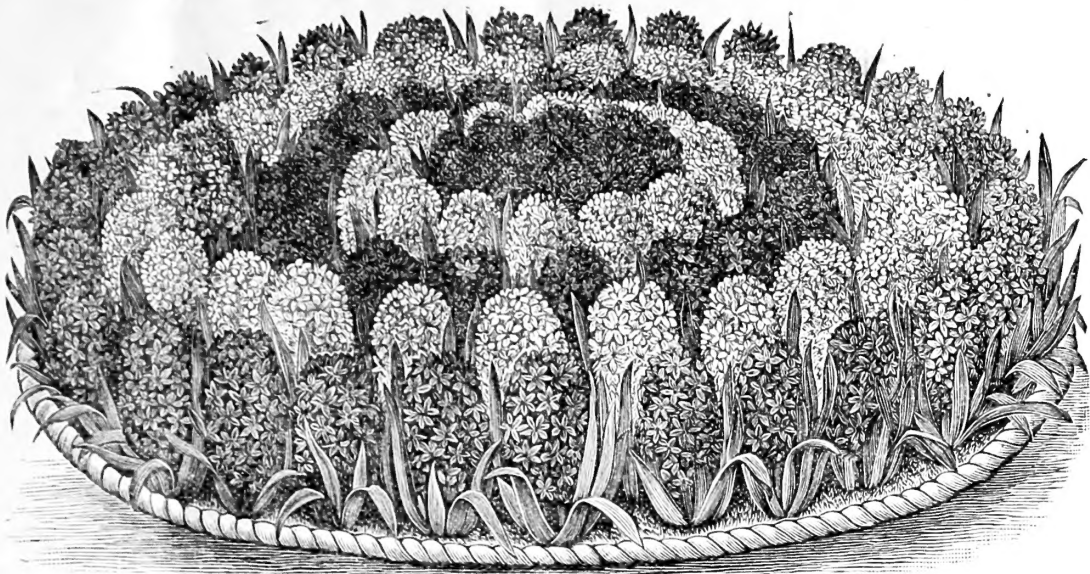

LANDSCAPE GARDENING.

The Landscape Gardening Department of our business is in charge of thoroughly capable men, and their work, without exception, has been entirely satisfactory to our customers, many of whom are most critical and exacting. Our landscape gardening is done on the lines laid in our book, *A Few Flowers Worthy of General Culture*; that is, with trees, shrubs and plants that are entirely hardy, and which give a permanent and ever increasing beauty and value to the garden and grounds. The immense variety of material produced in our nurseries, and the experience gained in growing it, give our customers many advantages in having their grounds designed and planted by us, both in prices and the satisfaction of the work done.

We do this work throughout the United States and Canada. For small places and ones the condition of which are simple we can do satisfactory work if furnished with plan drawn to scale. For large places and where extensive improvements are desired, a personal visit can be arranged for by correspondence. We make plans with estimates, and furnish the trees, shrubs and plants necessary to carry out our design, either with or without superintendence of the work. We undertake the improvement of the most extensive suburban grounds, as well as the smallest city lot, and there are no grounds so small that cannot be greatly improved by intelligent and artistic arrangement.

AUTUMN, 1895.

Bed of Hyacinths.

HYACINTHS.

Our Hyacinths and all our Dutch Bulbs were carefully selected from the best and most reliable growers in Holland, and we can offer them with a certainty that they cannot be surpassed in quality. The following named varieties have been selected specially for winter blooming in the house or for spring blooming in the open ground. Add for postage on Hyacinths 15 cents per dozen if to be sent by mail. All varieties 10 cents each; \$1 per dozen.

Single Red.

Agnes, striking deep rosy pink, good spike.
Amy, deep carmine, fine truss.
Appellius, crimson, good truss.
Gertrude, rosy pink, large compact truss.
Homerus, very early, extra good for forcing.
La Reine des Jacinthes, fine red.
Miss Nightingale, very early.
Von Schiller, extra large and fine.

Single Rose.

Charles Dickens, dark rose, very fine.
Gigantea, rose and blush, extra large bells.
Giant of Roses, splendid rose.
Lord Wellington, pale rose.
Maria Theresa, red, blue, shaded.
Norma, very early, long bells.

Single Yellow.

Duc de Malakoff, orange yellow.
Fleur d'Or, pale yellow.
Heroine, bright citron, bright tips.
Ida, splendid yellow, extra fine.
King of Holland, rich orange, fine truss.
L'Or d'Australie, pure yellow, extra fine.

Single White.

Alba Maxima, fine bells, pure white.
Baroness von Thurll, extra pure white, very early.
Blanchard, extra long spike, pure white.
Cleopatra, rosy white.
Grandeur a Merveille, beautiful blush, fine truss.
Grand Vainquer, pure white, large and early.
La Grandesse, snowy white, large bells, the best white.
Prix de l'Europe, good spike, loose bells.
Seraphine, blush white, slightly marked with rose.
Voltaire, creamy white, fine spike.

Single Violet.

Adiline Patti, superb purple violet.
Charles Dickens, striped violet.
Haydn, dark violet.
L'Unique, violet purple, very early.
Sir Edwin Landseer, purple.

Single Dark Blue.

Baron von Thuyll, large compact truss, very early.
Charles Dickens, dark blue, shading to light.
Ferick Kahn, very dark blue.
King of the Blues, brilliant dark blue, extra fine.
Uncle Tom, dark violet, white eye.
William I, glittering dark purple, extra early.

Single Light Blue.

Blondin, fine striped, large truss.
 Olio, bright blue, with white eye.
 Czar Peter, bright, silvery blue, splendid truss.
 Lord Raglan, lilac blue, large truss.
 Porcelain Scepter, light blue, compact truss.
 Regulus, light blue, shaded white, extra large bells.

Double Red.

Acteur, pink, tinged carmine.
 Boquet Tendre, dark red.
 Diebitz Sabalkansy, brilliant scarlet.
 Noble Par Merite, deep, rich rose, large spike.
 Princess Royal, fine dark center, good truss.
 Regina Victoria, fine salmon rose.

Double White.

Anna Maria, blush white, violet eye.
 Blanchard, fine bells.
 Grand Vainquer, pure white, large bells, fine.
 La Tour d'Auvergne, pure white, very early.
 La Verginite, rose center.
 Ne Plus Ultra, violet center, large truss.
 Passe Virgo, rosy white, early.
 Prince of Waterloo, almost pure white, large bells.
 Scepter d'Or, pure white.

Double Rose.

Boquet Royal, rosy salmon, red center.
 Czar Nicholas, fine, clear rose, large bell.
 Lord Wellington, splendid, delicate blush, immense bells.
 Le Grand Concurrent, pale rose, beautiful.
 Prince of Orange, (semi-double) blush pink, rosy striped, beautiful spike.

Double Dark Blue.

Crown Prince of Sweden, rich blue, extra.
 Garrick, dark lavender, fine truss.
 General Antinck, violet, extra fine.
 Laurens Koster, extra large and fine, dark violet.
 Lord Wellington, lilac, striped.
 Prince of Saxe Weimar, rich violet.

Double Light Blue.

Bloksberg, clear porcelain, fine truss.
 Mignon de Drythont, porcelain, shaded blue.
 Rembrandt, splendid large spike.
 Shakespeare, extra fine.
 Sir John Franklin, porcelain blue, very fine.

Double Yellow.

Bouquet d'Orange, dark, pinkish yellow.
 Goethe, sulphur yellow.
 Jaune Supreme, a splendid rich yellow.
 Ophir d'Or, bright yellow.

MIXED HYACINTHS, IN SEPARATE COLORS.

These include all grades and classes of single and double Hyacinths. They are all sound bulbs and certain to flower, and are especially intended for planting in masses in beds or borders.

Roman Hyacinths.

Yellow.....	05	50	4 00
All Shades Mixed.....	05	50	4 00

ROMAN HYACINTHS.

A charming class of Hyacinths, producing graceful delicately perfumed flowers indispensable for winter cutting. They force readily in the house, and as the bulbs are small, three can be grown in a five-inch pot. They last for a considerable length of time, as each bulb produces from two to four spikes of bloom, which do not come to perfection all together. Single White Roman, 5 cts. each; 50 cts. per doz.; \$3.50 per 100.

POMPON OR MINIATURE HYACINTHS.

A remarkably beautiful class of Hyacinths, that have not received the recognition that they deserve. Long spikes of gracefully curved flowers of the most beautiful colors and delicious fragrance. We strongly recommend them either for pot culture or the garden. All colors mixed, 10 cts. each; 75 cts. per doz.; \$4 per 100.

Narcissus Poeticus (Poet's Narcissus).

NARCISSUS OR DAFFODILS.

These are among the most varied and beautiful of spring flowering bulbs, and have had a great revival of popularity in the last few years. All the species are of easy cultivation and hardy in the open ground, except where noted. The Polyanthus varieties are the earliest and best adapted to house culture, but all will do well in pots if not kept too warm and forced too rapidly.

NARCISSUS POETICUS.

The true Pheasant's Eye Narcissus, one of the most fragrant of the Daffodils; pure white flowers, with yellow cup, with a distinct rim of scarlet. This fine odd variety should be planted by every one who has a garden. It will grow and produce its handsome flowers in almost any soil or situation. As an inducement to plant it freely we make the following specially low prices: 4 cents each; 25 cents per dozen; \$1 per 100; \$7.50 per 1,000.

NARCISSUS VON SION.

The well known Double Yellow Daffodil. Used extensively by florists for winter forcing. The large double flowers are a lovely shade of yellow, and like the preceding sort it will grow and blossom anywhere. 5c. each; 40c. per doz.; \$2.50 per 100; \$20 per 1,000.

Albicans, silver trumpet, divisions and trumpet creamy white; very beautiful. 10 cts.; \$1 per doz.

Alba Pleno Odorata, double white Daffodil. 5 cts. each; 30 cts. per doz.; \$2 per 100.

Bicolor Maximus, *Grandis*, extra large dwarf and late, very fine. 25 cts. each; \$2.50 per doz.

Bicolor Horsefieldi, one of the finest Daffodils in cultivation; large and very distinct. 20 cts. each; \$2 per doz.

Biflorus, creamy white; valuable for a succession after the early flowering Poeticus. 5 cts. each; 50 cts. per doz.

Bulbocodium, *Yellow Hoop Petticoat*, bright golden yellow; a gem for pot culture. 5 cts. each; 50 cts. per doz.

Bulbocodium Mononphyllus, pure white; a splendid sort. 15 cts. each; \$1.50 per doz.

Emperor, one of the largest of the trumpet section; flowers deep yellow. 30 cts. each; \$3 per doz.

Golden Princeps, *Golden Plover*, trumpet and perianth; nearly one shade of rich yellow; very early and fine. 15 cts. each; \$1.50 per doz.

Incomparabilis, a common single yellow; creamy center. 5 cts. each; 50 cts. per doz.; \$2.50 per 100.

Incomparabilis, *Butter and Eggs*; common double yellow. 5 cts. each; 50 cts. per doz.; \$2.50 per 100.

Incomparabilis, "**Orange Phoenix**," *Eggs and Bacon*; large double white; orange center. 7 cts. each; 60 cts. per doz.; \$4 per 100.

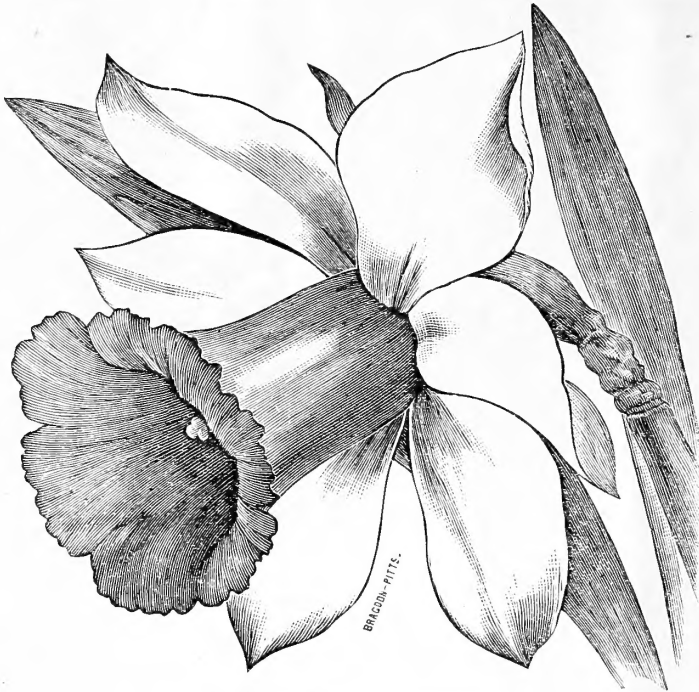

Incomparabilis, "**Siiver Phoenix**," white; very double; beautiful. 20 cts. each; \$2 per doz.

Incomparabilis Giganteus, "**Sir Watkin**," (*James Dickson*). The giant Welsh Chalice Flower; a very large golden yellow crown on primrose perianth; the largest of the single Incomparabilis varieties and very early. Some flowers in our nurseries measured as much as five inches across. 20 cts. each; \$2 per doz.

Incomparabilis, "**Cynosure**," a bold, handsome flower; divisions creamy white, cup yellow, deeply stained with orange. Splendid for cutting. 6 cts. each; 60 cts. per doz.

Incomparabilis, "**Figaro**," perianth and cup yellow, stained with orange; very large and spreading; a fine flower. 8 cts. each; 75 cts. per doz.

Incomparabilis, "**Stella**," large, single white; very early; fine for cutting. 5 cts. each; 40 cts. per doz.

**Narcissus Bicolor Horsfieldii.****POLYANTHUS NARCISSUS.**

This class of Narcissus are all easily bloomed in the house or greenhouse. They need protection out doors.

- Bathurst.** Yellow; very large. 15 cts. each; \$1.50 per doz.
Glorioso. Citron. 10 cts. each; \$1 per doz.
Grootvorst. White. 10 cts. each; \$1 per doz.
Grand Monarque. White; large flowers; the finest. 10 cts. each; \$1 per dozen.
Grand Primo. White citron cup. 10 cts. each; \$1 per doz.

- Grand Soliel d'Or.** Rich yellow. 10 cts. each; \$1 per doz., \$6 per 100.
Luna. Pure white. 10 cts. each; \$1 per doz.
Newton. One of the best yellows. 10 cts. each; \$1 per doz.
Paper White. The most valuable variety for winter forcing; can be had in bloom before Christmas. 5 cts. each; 50 cts. per doz.; \$3.50 per 100.

JONQUILS.

- Single.** Sweet scented yellow. 5 cts. each; 50 cts. per dozen.
Double. Sweet scented yellow. 5 cts. each. 50 cts. per dozen.
Campernelles. Yellow. 5 cts. each; 50 cts. per dozen.

**Crocus.****CROCUS.**

The Crocus is one of the first flowers of Spring; and is universally admired. When planted in large groups or in lines of distinct color they are remarkably effective, and the bulbs are so cheap that they should be used liberally in every garden.

	Doz.	100.	1000.

All Colors, mixed.	10	50	3 50

Single Tulip.

Double Tulip.

TULIPS.

For an early and brilliant display in the garden the Tulip has no equal. They are also valuable for forcing in the house in winter. For this purpose the Duc von Tholl and the early single sorts are best. For outdoor planting the bulbs should be set 3 inches deep and 4 inches apart.

Fancy and Scarcer Tulips.

Beautiful and distinct varieties not usually offered.

- Clusiana, Australis.** Clear white, striped with scarlet and black center. 15 cts. each; \$1.50 per doz.
- Florentina Odorata, Sylvestria.** Clear yellow flower, emitting a delicious violet-like fragrance. 10 cts. each; \$1 per doz.
- Gesneriana, Hortensis.** A fine bedding sort, flowers rosy crimson, with violet eye. 5 cts. each; 30 cts. per doz.; \$2 per 100.
- Ocellis Solis, Sun's Eye.** A very showy Tulip; flower dazzling red, with black eye. 10 cts. each; \$1 per doz.

FREESIA REFRACTA ALBA.

The most valuable and beautiful of all Cape bulbs. The flowers are about two inches long and about the same in width, shaped like miniature Gladiola, and borne on depressed scapes. The body of the flower is pure white, with lower segments spotted lemon yellow. Its cultivation is of the simplest, requiring only to be potted in October, to be watered sparingly at first, placed in a sunny window and watered more as growth progresses. They force very easily and can be had in bloom for Christmas. Extra strong Bermuda bulbs, 25 cents per dozen; \$1.50 per hundred.

**Freesia Refracta Alba.****ANEMONES.**

Extra Fine Mixed, single.....25 cents per dozen
 Extra Fine Mixed, double.....40 cents per dozen
 Fulgens, bright scarlet.....15 cents each; \$1.50 per dozen

SNOW DROPS.

The earliest of Spring flowering bulbs. The little snow white bells generally appear before the Crocus. As they are very dwarf a number should be planted close together to produce a good effect. They may be left undisturbed for years. They may also be grown in sand, moss or water, in the house.

	Doz.	Per 100.
Single Snow Drop.....	\$0 25	\$1 50
Double Snow Drop.....	50	2 00

CROWN IMPERIALS.

Fine Mixed Varieties.....15 cents each; \$1.25 per dozen

LILY OF THE VALLEY.

Pips for Forcing.....25 cents per dozen; \$1.
 Clumps.....25 cents each; \$2.50

SCILLAS.

The Scilla is the prettiest little Spring flower that of. Plant in the Fall, and as the bulbs are very small should be planted in groups, a dozen or more in a group may also be cultivated in the house, and will be for satisfactory.

Siberica, a bright intense blue. 5 cents each; 25 dozen; \$1.50 per 100.

Companulata, blue. 5 cents each; 50 cents per dozen per 100.

CHINESE SACRED LILY.

(Flower of the Gods.)

This is one of the prettiest of the Tazetta or Bunch Flower Narcissus, and is the variety grown by Chinamen for decoration of temples or Joss Houses on their New Year's Day, which occurs in February. They can be readily brought into bloom by forcing. The bulbs are very large, averaging three to four inches in diameter, and as they throw up several stems when well grown they are produced in profusion. It is very easily handled, bears pure white flowers with a lemon or orange cup, and it can readily be forced into bloom when grown in water. The style of vase or dish may vary with the taste of the grower, but should be about three inches deep; into it put one and one-half inches of sand and cover with gravel to the depth of one inch; on this set the bulbs and fill the dish full of water. For a window ornament they are unexcelled and lend to an interior a cheerful aspect while outside is cold and dreary. The effect is heightened when several are put in a fern dish. 15 cents each; \$1.50 per dozen.

CHIONODOXA LUCILLIÆ.

(Glory of the Snow.)

One of the most lovely hardy flowering Spring bulbous plants ever introduced, producing spikes of lovely azure blue flowers with pure white centers. Those who know *Scilla Siberica* will need no further description of this beautiful plant when we say that its flowers and spikes are more than twice the size of that little gem. Our bulbs are strong, being cultivated in the nursery, and far superior to those collected. 50 cents per dozen; \$3.50 per hundred.

CHIONODOXA SARDENSIS.

Awarded a first-class certificate. Flowers darker in color than *Lucillia*, and a small pure white eye, quite distinct. 50 cents per dozen; \$3.50 per hundred.

HARDY LILIES.

The Lily has long been celebrated for its rare and chaste beauty. No plants capable of being cultivated out of doors possess so many charms; rich and varied in color, stately and handsome in habit, profuse in variety and of delicious fragrance. With a well selected collection Lilies may be had in bloom from June to October. They should be planted in the fall, from October 1st, as long as the ground can be worked, and in spring as soon as frost is out of the soil until the 15th of May. The bulbs of all Lilies should be planted about 6 inches deep. If Lilies are to be sent by mail add 25 cents per dozen for postage.

Auratum. The well known magnificent gold banded Japan Lily. Delicate ivory-white color, thickly studded with chocolate crimson spots, and striped through the center a golden yellow. The very low price at which this splendid Lily is sold should cause it to be planted extensively. Strong blooming bulbs. 25 cts. each; \$1.50 per doz.; \$10 per 100. Extra large bulbs 9 to 11 inches in circumference, 50 cts. each; \$3.50 per doz.; \$25 per 100.

Candidum. The old pure white garden Lily. This Lily should be planted in August and September. 10 cts. each; \$1 per doz.; \$5 per 100.

Speciosum Roseum. White, shaded and spotted with rose. The varieties of Speciosum are perhaps the most important group of the species, and can always be relied upon to give satisfaction. 20 cts. each; \$2 per doz.; \$14 per 100.

Speciosum Rubrum. Similar to the preceding, but heavily spotted with rich crimson spots. 20 cts. each; \$2 per doz.; \$14 per 100.

Speciosum Album. Large, pure white, fragrant flowers, of great substance; very fine. 30 cts. each; \$3 per doz.

Elegans Altrosanguinea. Rich crimson, spotted with black. 15 cts. each; \$1.50 per doz.

Elegans Grandiflorum. One of the finest of the species. 20 cts. each; \$2 per doz.

Tigrinum. The well known single Tiger Lily. 10 cts. each; \$1 per doz.; \$6 per 100.

Tigrinum Flore Pleno. The double Tiger Lily. A splendid sort. 15 cents each; \$1.50 per doz.

Canadense. Our bell-shaped Native Lily. Two varieties, yellow and red. 15 cts. each; \$1.25 per doz.; \$7.50 per 100.

Superbum. The finest Native Lily; often bearing at one time 25 to 50 of its beautiful scarlet and yellow flowers. This is a splendid Lily for naturalizing, and its low price would justify planting it by the 100. 15 cts. each; \$1 per doz.; \$6 per 100.

Batemanniae. A Japanese Lily, growing 3 to 4 feet high and producing bright apricot-tinted flowers. 25 cts. each; \$2 per doz.

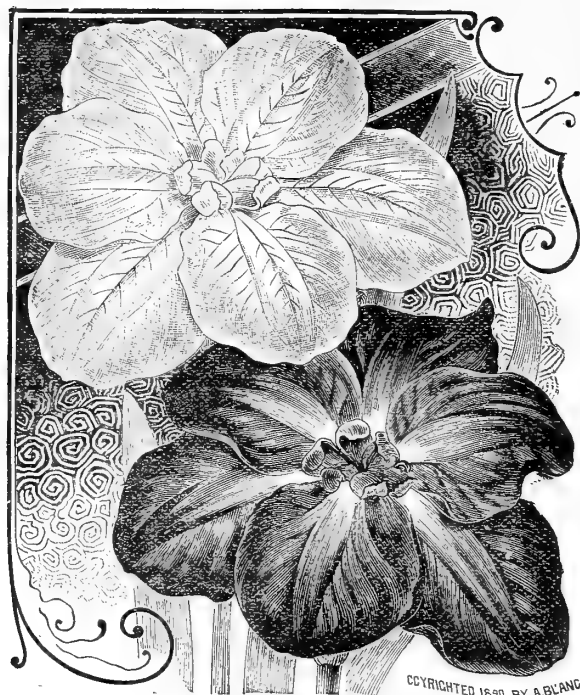

Lillian Harrisii.

Harrisii. Bermuda Easter Lily. Remarkable for its free flowering as well as for its great beauty. It is the best variety for forcing in the house or greenhouse. It can be had in bloom for Christmas. Strong blooming bulbs. 15 cts. each; \$1.50 per doz. Extra large bulbs, 30 cts. each; \$3 per doz.

IRIS KAEMPFERI.

(Japanese Iris.)

Japanese Iris.

Our collection of this splendid Iris is notably the finest in the country. The flowers of these Iris grow to an enormous size, averaging six to eight inches in diameter, while the beauty and variety of the coloring surpasses description. They should be planted in rich soil and will succeed in almost any situation except a shady one. For want of space we do not give a descriptive list in this circular of the varieties grown by us, but will, on application, send such a list to any of our customers who may desire it. When selection of kinds is left with us the best and most distinct sorts will be sent.

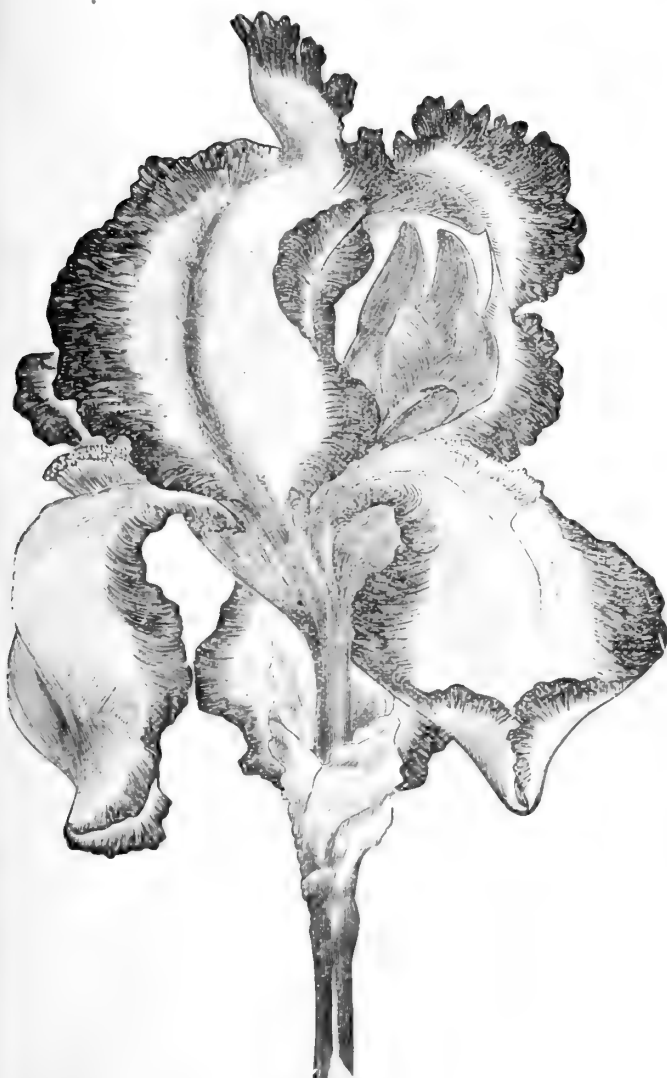

Choicest named varieties,	35 cents each.	\$3 50 per dozen.
Good named varieties,	25 "	2 50 "
Best mixed varieties,	20 "	2 00 "
Good mixed varieties,	15 "	1 50 "

25 distinct named varieties will be sent for \$5.00.

LOW PRICES FOR NAMED GERMAN IRIS.

This group includes most of the broad-leaved Irises. Neither care nor expense has been spared to make our collection complete, and it now comprises every shade of color.

We especially wish to call attention to the value of this Iris for groups, or for planting in masses on the lawn or among shrubbery, or for naturalizing in wild or uncultivated places. It is hardy everywhere, and it succeeds in any soil without cultivation or care of any kind; it is a vigorous grower, and when planted in masses produces a display of large, showy flowers not equalled by anything else in its season. The most effective way to plant a mass is to use one color only, and it should be distinct and showy. For this purpose the blue and yellow varieties are best, the colors being strong and clear. We offer these Irises at prices lower than they have ever before been sold in this country.

German Iris.

Fine Named Varieties. 15 cts. each; \$1.50 per doz.; \$7.50 per 100.

Fine Mixed Varieties. 10 cts. each; \$1 per doz.; \$6 per 100.

Blue German Iris, for massing. 75 cts. per doz.; \$5 per 100.

Yellow German Iris, for massing. 75c. per doz.; \$5 per 100.

IRIS SIBERICA.

Long grass-like foliage two to three feet high, forming dense erect tufts and numerous hollow stems, bearing an abundance of flowers. Fine for cutting.

Siberica. Light blue, beautifully netted with white lines. 15 cts. each; \$1 per doz.; \$6 per 100.

Siberica Maxima. Claret, lower divisions light blue, veined white, large flowers. 20 cts. each; \$1.75 per doz.; \$7 per 100.

IRIS TECTORUM.

A rare and beautiful Iris from Japan. Flowers pure white with deep golden yellow band at base of the lower divisions. This Iris does not resemble the so-called Japanese Iris (*I. Kaempferi*), but it is entirely distinct and beautiful. 25 cts. each; \$2.50 per doz.; \$15 per 100.

ENGLISH IRIS.

A lovely group, rivaling some of the grandest of the Orchids; the flowers are very large, ranging through every shade of white, lilac, lavender, rose, blue and purple. We offer a fine collection of unnamed varieties at 10 cts. each; \$1 per doz.

IRIS HISPANICA.

All are fine for cut flowers. We offer a fine unnamed collection at 5 cts. each; 50 cts. per doz.

IRIS CUPREA.

Curious copper-colored flowers, on stems two feet high. 25 cts. each; \$2 per doz.

HARDY ROSES.

Roses are a great specialty with us, and our list of varieties is unrivaled. We grow all the standard varieties of Hybrid Perpetuals, Mosses and Climbing Roses, and can supply strong field grown, dormant plants in November. To those of our customers who are not familiar with varieties we will, on application, send a descriptive list. When selection of varieties is left to us the purpose for which they are wanted should be stated, and great care will be taken by us to select the most distinct and suitable sorts. We can furnish much larger plants and at lower prices in the fall than we can do in the spring, owing to the fact that we do not offer dormant plants at that season.

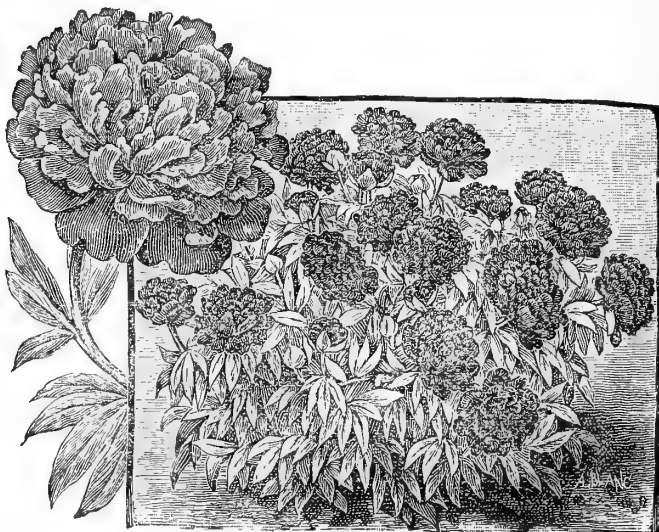

Prices, \$2, \$3 and \$4 per doz.; \$15 to \$30 per 100.

Herbaceous Pæonies.

It is beyond doubt that Herbaceous Pæonies are among the showiest and most useful hardy plants; the full, massive flowers are gorgeous and grand. A few years ago there were not many representatives of this class of Pæonies, but now, thanks to the hybridists, who have exercised their skill on them, we have a great number of varieties, ranging from the various shades of deep crimson down to pure white, while the petals of others are marked with stripes or tipped in the way of Carnations. Not

only are the Herbaceous Pæonies large and splendid in color, but most of them are sweet scented, and when cut and placed in water perfume a large room. They are of the easiest culture, but they will repay the trouble of making a deep, rich soil for them. They can be naturalized in the grass or shrubbery, and will take care of themselves in any location.

Humei. Immense double pink flowers, and one of the latest to bloom. We consider this Pæony far finer than many of the new sorts that are sold at \$1 each. Price, 25 cts. each; \$2 per doz. Extra strong clumps, 50 cts. each; \$3.50 per doz.

Rosea Plena. Superb bright rose, center of flower shell pink; fine for groups or masses. 20 cts. each; \$2 per doz.; \$12 per 100. Extra large clumps, 30 cts. each; \$3 per doz.; \$18 per 100.

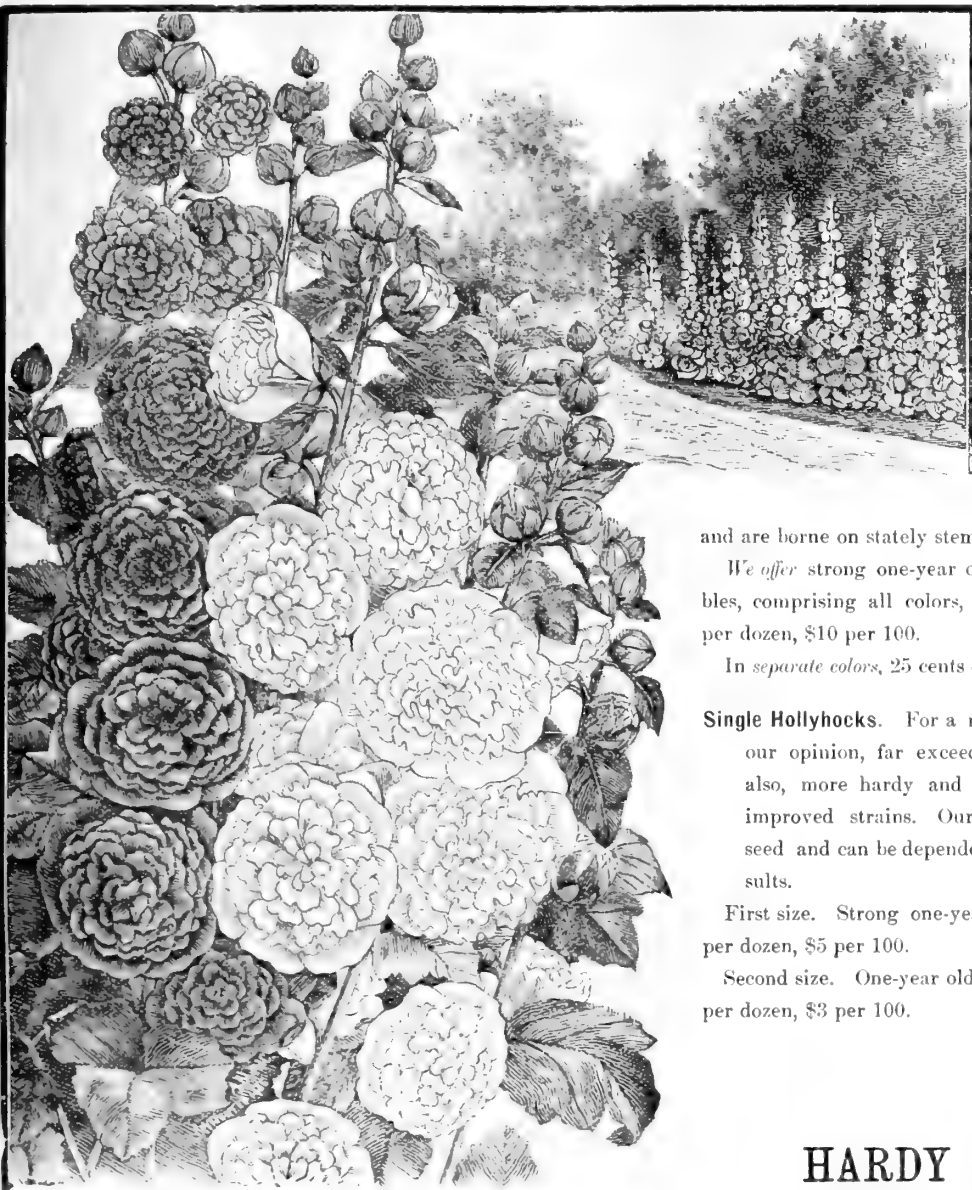

Choice Named Varieties. 50 cts. each; \$5 per doz.

Older " " 35 cts. each; \$3.50 per doz.

Mixed Unnamed Varieties. 25 cts. each; \$2 per doz.

Choice Named Single Varieties \$1 each; \$10 per doz.

Tree Pæonies. \$1, \$1.50 and \$2, according to size.

Hollyhocks.

of great beauty, and every imaginable shade of color, from pure white to purple, including the most brilliant scarlets and crimsons. The two classes give as an extended season of bloom as any of the bedding plants; they are far more effective, of the easiest culture, and as hardy as an oak or apple tree; and with them color effects can be made which cannot be surpassed except, perhaps, by *Rhododendrons*. They will thrive in any position, and can be used to advantage in the hardy border, isolated in large groups on the lawn, or planted in front of the shrubbery. We do not catalogue a detailed list for want of space; but if our customers will give us an idea of the range of colors they desire, and state the purposes they are to be used for, they can depend upon us making a better selection than they could possibly make themselves.

Price, 15 cents each; \$1.50 per dozen; \$10 per 100.

HOLLYHOCKS.

The Hollyhock has been wonderfully improved of late years. Few hardy plants combine as many good qualities as the Hollyhock. For planting in rows or groups, or for interspersing among shrubbery, they are invaluable. The flowers form perfect rosettes of the most lovely shades of yellow, crimson, rose, orange, white, etc.,

and are borne on stately stems, six to eight feet high.

We offer strong one-year old plants of Charters' fine doubles, comprising all colors, mixed, at 20 cents each, \$1.50 per dozen, \$10 per 100.

In separate colors, 25 cents each, \$2 per dozen, \$14 per 100.

Single Hollyhocks. For a magnificent color effect these, in our opinion, far exceed the double sorts. They are, also, more hardy and less liable to disease than the improved strains. Our stock is grown from selected seed and can be depended upon to produce the best results.

First size. Strong one-year old plants, 15 cents each, \$1 per dozen, \$5 per 100.

Second size. One-year old plants, 10 cents each, 50 cents per dozen, \$3 per 100.

HARDY PHLOXES.

There is no class of hardy plants more desirable than the *Perennial Phloxes*. They bring enormous heads of blooms

Hardy Perennial Plants.

Our collection of these is, without doubt, the best and most extensive offered in this country. For complete list, with descriptions, send for our book, "*A Few Flowers Worthy of General Culture.*" Plants for setting out this Fall are unusually strong and well grown, and cannot fail to give satisfaction.

Winter Protection.—While all the plants offered in this list are perfectly hardy, it is always well to give them some slight protection by using leaves or litter with which to partially cover them. It is especially advantageous to do this the first Winter after they have been transplanted. All plants are somewhat protected in their native habitat by the roots of trees, fallen leaves, grass or sod, and in our gardens, after many of them have become strong, by their own foliage and stems.

Selections can be made to suit any position in the lawn or garden, whether for shade or sun.

For large borders we will make a diagram free of charge, showing the proper location of the different species, provided the stock for planting the border is purchased from us.

The following collections will be made up of strictly first-class varieties. In ordering them it should be stated whether they are wanted for a sunny or shady situation, and if there are any varieties which customers already have or do not want they should be named.

The following kinds are specially recommended for Fall planting. They are among the most showy and useful of the Hardy Perennials.

Achillea Grandiflora. Double white flowers, all Summer; 2 to 8 feet high. 15 cts. each; \$1.50 per doz.

Achillea Rosea. Rosy flowers, all Summer; 1½ feet. 15 cts. each; \$1.50 per doz.

Anemone Japonica. Windflower, red; very handsome; autumn. 15c. each; \$1.50 per doz.

Anemone Japonica Alba. Pure white; finest of the species. 20 cts. each; \$2 per doz.; \$15 per 100.

Aquilegia Cerulea. Rocky Mountain Columbine; blue and white; splendid. 25 cts. each; \$2 per doz.

Aquilegia Chrysantha. Golden yellow Columbine. 20 cts. each; \$2 per doz.

Aquilegia Alpina. Deep blue. 15 cts. each; \$1.50 per doz.

Aquilegias Mixed. All the best sorts. 15 cts. each; \$1.50 per doz.

Asters. Hardy sorts; showy, autumn. 25 cts. each; \$2 per doz.

Bocconia Cordata. White flowers, fine foliage; 6 to 8 feet. 25 cts. each; \$2 per doz.

Campanula Macrantha. Large purple bell flower, June. 25 cts. each; \$2.50 per doz.

Campanula Turbinata. Deep blue Harebell; dwarf; 6 inches. 25 cts. each; \$2.50 per doz.

Campanula Carpatica. Carpathian Harebell; dwarf and one of the best blue; all summer. 15 cts. each; \$2.50 per doz.

Campanula Persicifolia. Lovely and distinct; blue and white. Each variety 20 cts. each; \$2 per doz.

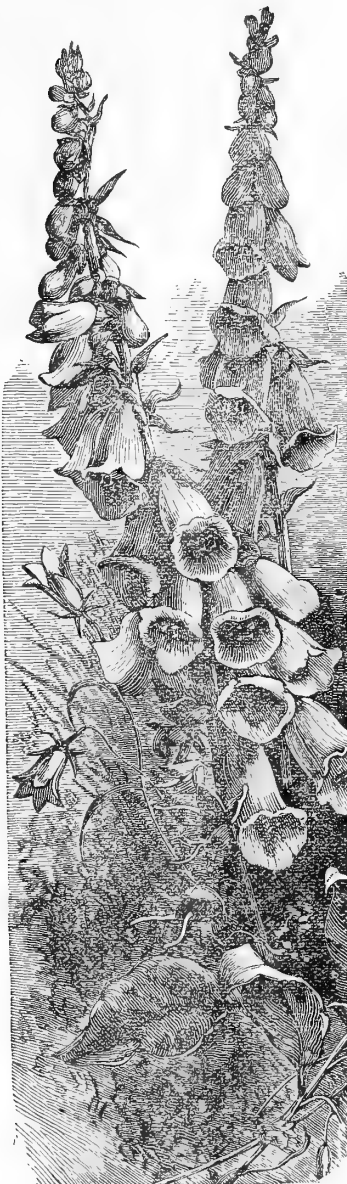

Campanulas. Eight distinct named varieties for \$1.

Chrysanthemum Latifolia. The best white Marguerite; all summer. 25 cts. each; \$2 per doz.

Coreopsis Lanceolata. Large bright yellow flowers, fine for cutting; blooms all summer.

A good and valuable hardy plant and should be grown by everyone. 25 cents each; \$1.50 per doz.

Convallaria Majalis. Lily of the Valley. A well-known favorite. Blooming Pips, 5 cts. each; 50 cts. per doz.; \$3 per 100. Clumps, 15 cts. each; \$1.50 per doz.

Foxgloves.

Delphinium Hybridum. A magnificent perennial; every imaginable shade of blue; splendid spikes of bloom, 3 to 6 feet high. 25 cts. each; \$2.50 per doz.

Digitalis Purpurea. (Foxgloves.) Exceedingly showy and fine for groups or for massing among shrubs. A vigorous grower, producing numerous spikes three to six feet high, of purple, white or rose-colored flowers. May be grown anywhere, and will succeed well in partial shade. 15 cts. each; \$1.50 per doz.; \$10 per 100.

Dianthus Barbatus. (Sweet William.) All colors mixed. 15 cts. each; \$1 per doz.

Eulalia Japonica Variegata. A beautiful variegated grass, growing six to eight feet high. 25 cts. each; \$2 per doz.

Eulalia Gracillima. Narrow, graceful leaves; four to six feet high. 25 cts. each; \$2 per doz.

Funkia Sieboldiana. Light purple flowers; fine foliage. 30 cts. each; \$2.50 per doz.

Funkia Subcordata. Large white flowers. 25 cts. each; \$2 per doz.

Gaillardia Grandiflora. Large flowers, varying in color from pale yellow to deepest crimson. Blooms freely all summer. One of the very best perennials in cultivation. 25 cts. each; \$2 per doz.

Heuchera Sanguinea. Coral red flowers, new and beautiful. 25 cts. each; \$2 per doz.

Helianthus Loetiflora. Hardy sun flower; fine. 25 cts. each; \$2 per doz.

Hibiscus Moscheutos. Immense pink flowers. July to October; bushy, four to five feet. 25 cts. each; \$2.50 per doz.

Hibiscus, Crimson Eye. New; pure white, crimson center. 25 cts. each; \$2.50 per doz.

Lathyrus Latifolius. Everlasting Pea. Fine climber. 25 cts. each; \$2.50 per doz.

Linum Perenne. Blue Flax. 20 cts. each; \$1.50 per doz.

Liatris Pycnostachya. Blazing Star, 3 to 6 feet; purple. 25 cts. each; \$2 per doz.

Lychnis Chalcedonica. Cross of Jerusalem. Scarlet. 20 cts. each; \$1.50 per doz.

Lysimachia Aurea. Golden Moneywort. Fine for carpeting. 10 cts. each; \$1 per doz.; \$6 per 100.

Lythrum Roseum Superbum. Loose Strife. Handsome spikes of rose-colored flowers; 3 foot high; June and July. 25 cts. each; \$2 per dozen.

Monarda Fistulosa. Oswego Tea. Showy purple flowers, lasting a long time; 3 to 4 feet high. 20 cts. each; \$2 per doz.

Myosotis Palustris Semperflorens. Forget-me-not. Light blue. All summer. Fine for wet soils. 20 cts. each; \$1.50 per doz.

Ogopodium Folis Variegata. Fine foliage, beautifully variegated with white. 20 cts. each; \$1.50 per doz.

Phlox Subulata. Moss Pink. We grow several varieties of dwarf evergreen creeping Phloxes, and they are among the most valuable and showy of early spring bloomers. Fine for edgings. 10 cts. each; \$1 per doz.; \$7.50 per 100.

Polyanthus. Hardy Primrose. Fine for shady borders. Mixed colors. 20 cts. each; \$2 per doz.

Primula Vulgaris. English Primrose. Yellow, beautiful. 25 cts. each; \$2 per doz.

Pyrethrum Roseum. Showy Daisy-like flowers, varying in color from white to crimson; very beautiful. 25 cts. each; \$2 per doz. Strong field-grown clumps, 35 cts. each; \$3 per doz.

Prethrum Uliginosum. Large, pure white flowers. Bushy, 3 to 5 feet high. August and September. Very effective. 25 cts. each; \$2.50 per doz.

Pentstemon Barbatus Torreyi. A stately and brilliant Perennial. 3 to 6 feet high. Long spikes of bright scarlet flowers. 20 cts. each; \$2 per doz.

Papaver Orientale. Monarch Poppy. Immense scarlet flowers with black center; wonderfully showy. 25 cts. each; \$2.50 per doz.

Papaver Nudicaule. Iceland Poppy. Brilliant and free blooming. We have three colors, white, yellow and orange. 25 cts. each; \$1.50 per doz.

Rudbeckia Newmanii. Daisy-like flowers. Golden yellow with black center. 25 cts. each; \$2 per doz.

Sedum Spectabile. Pink; handsomest of the species. 25 cts. each; \$2.50 per doz.

Spiraea Lobata. Queen of the Meadow. Deep rose, fine. 25 cts. each; \$2.50 per doz.

Thalictrum Glaucum. Large heads of light yellow feathery flowers. 25 cts. each; \$2 per doz.

Veronica Eminens. Blue flowers in long spikes. 25 cts. each; \$2 per doz.

Viola Cornuta. Alpine Violet. Large Mauve-colored flowers. 15 cts. each; \$1.50 per doz.

Viola Cornuta Alba. Alpine Violet. White. 15 cts. each; \$1.50 per doz.

Wahlenbergia Grandiflora. (Platycodon.) Large Salver-shaped blue flowers, very striking. 25 cts. each; \$2 per doz.

Wahlenbergia Alba. (Platycodon.) Pure white, sometimes veined blue. Handsome. 25 cts. each; \$2 per doz.

Yucca Filamentosa. Handsome evergreen foliage forming large tufts. Flowers large, bell-shaped and borne profusely on stout stems. 3 to 6 feet high. One of the most striking perennials, whether grown as a single specimen or in groups. Strong plants. 25 cts. each; \$2.50 per doz. Extra strong, blooming size. 50 cts. each; \$4 per doz.

Elliott's Special Mixture of Lawn Grass Seed. This mixture of Grass Seed is acknowledged by everyone as being the best that can be used. It is extra clean and entirely free of weeds. Price per quart, 20 cts.; 8 quarts, \$1; \$3 per bushel (14 lbs. to the bushel.)

NEW HIBISCUS CRIMSON EYE.

This handsome perennial, of which we give an excellent illustration, originated in this country and is hardy everywhere. It is a robust grower, with dark red stems and foliage. The flowers are immense in size, often measuring six to eight inches in diameter. The color is of the purest white, with a large spot of deep velvety crimson in the center of each flower. The plant grows three to four feet high and as much in diameter. A well developed specimen will produce several hundred flowers in a season. Good plants, blooming size, 25 cents each; \$2.50 per dozen. Strong two year old clumps, 35 cents each; \$3.50 per dozen.

HIBISCUS MOSCHENTOS.

One of our showiest native flowers, similar in habit of growth to the above, but producing bright pink flowers about four inches in diameter. It contrasts well and is a good companion for the one described above. Strong roots, 25 cents each; \$2.50 per dozen.

Ornamental Trees for Street and Lawn.

- Acer Dasycarpum.** (Silver Maple.) Rapid grower; a fine street tree. 50 cts. to \$1 each.
- Acer Weirii.** (Cut-leaved Silver Maple.) Beautiful weeping tree for the lawn. 50 cts., 75 cts. and \$1 each.
- Acer Platanoides.** (Norway Maple.) Magnificent street or avenue tree. 75 cts., \$1, \$2 and \$2.50 each.
- Acer Leopoldii.** (Variegated Norway Maple.) Leaves blotched with red and white. 75 cts. and \$1.50 each.
- Acer Platanoides Marginata Aurea.** Leaves edged with yellow. \$1 and \$2 each.
- Acer Sacharinum.** (Sugar Maple.) 50 cts., \$1 and \$2 each.
- Acer Pseudo Platanus Purpurea.** (Purple-leaved Maple.) Very striking; vigorous grower. 75 cts. to \$2 each.
- Acer Schwedlerii.** (Schwedler's Scarlet Maple.) Leaves bright crimson in spring. \$1 to \$2 each.
- Aralia Spinoza.** (Angelica Tree, Hercules' Club.) Beautiful foliage; white flowers in August. 50 cts. and \$1 each.
- Aralia Japonica.** Splendid foliage; red seed vessels. 50 cts., 75 cts. and \$1 each.
- Carya Alba.** (Shellbark Hickory.) 50 and 75 cts. each.
- Castanea Americana.** (American Chestnut.) Ornamental; edible nuts. 25 cts., 50 cts., 75 cts. and \$1 each.
- Castanea Japonica.** (Japan Chestnut.) Large fruit. 75 cts. and \$1 each.
- Castanea Vesca.** (Spanish Chestnut.) Handsome lawn tree; large fruit. 50 cts., 75 cts. and \$1 each.
- Cæsculus Hippocastanum.** (Horse Chestnut.) Fine street or lawn tree. 75 cts., \$1 and \$1.50 each.
- Cæsculus H. Rubicanda.** (Red Flowering Horse Chestnut.) Very choice. \$1 each.
- Betula Alba.** (White or Canoe Birch.) 50 cts., \$1 and \$1.50 each.
- Betula Pendula Laciniata.** (Cut-leaved Weeping Birch.) Very graceful. \$1 to \$2.50 each.
- Betula Youngii.** (Young's Weeping Birch.) Beautiful. \$1 to \$1.50 each.
- Betula Urticæfolia.** (Nettle-leaved Birch.) 75 cts. to \$2 each.
- Betula Purpureis.** (Purple-leaved Birch.) Dark purple foliage. \$1 and \$1.50 each.
- Catalpa Bignoides.** (Indian Bean.) Large clusters of flowers in July. 50 cts. and \$1 each.
- Catalpa Bungei.** Globular heads of dense foliage. Choice. \$1 to \$2 each.
- Catalpa Aurea.** Splendid golden leaves. 75 cts., \$1 and \$2 each.
- Crategus Pyracantha Pendula.** (Weeping Evergreen Thorn.) \$1.50 each.
- Crategus Coccinea Flore Plena.** (Double Scarlet Hawthorne.) 50 cts., 75 cts. and \$1 each.
- Crategus Alba Pleno.** (Double White Hawthorne.) 50 cts., 75 cts. and \$1 each.
- Crategus Coccinea.** (Scarlet Hawthorne.) 75 cts.
- Crategus Rosea Plena.** (Double Rose Hawthorne.) 75 cts. and \$1 each.
- Crategus Oxycantha.** (English Hawthorne.) 25 and 50 cts. each.
- Cornus Florida.** (White Dogwood.) 50 cts. and \$1 each.
- Cornus Florida Pendula.** (Weeping Dogwood.) \$1.50 and \$2 each.
- Cornus Flore Rubro.** (Red Flowering Dogwood.) \$1 to \$3 each.
- Cytissus Laburnum.** (Laburnum or Golden Chain.) 50 cts. and \$1 each.
- Cercis Japonica.** (Japan Red Bud.) Very showy. 50 cts. to \$1 each.
- Cercis Canadensis.** (Red Bud or Judas Tree.) 50 cts. to \$1 each.
- Cerassus Avium Alba Pleno.** (Double White Cherry.) 75 cts. to \$1.50 each.
- Fagus Pendula.** (Weeping Beech.) \$1.50 to \$2 each.
- Fagus Puvurea.** (Purple-leaved Beech.) Rich, dark foliage. \$1, \$1.50 and \$2 each.
- Fagus Lacinata.** (Cut-leaved Beech.) \$1 and \$2 each.
- Fagus Pupurea Tricolor.** Leaves gorgeously variegated. A splendid novelty introduced in this country by us. \$2 and \$3 each.
- Fraxinus Ormus.** (Flowering Ash.) Dwarf tree. 50 cts. to \$1 each.
- Fraxinus Aurea Pendula.** (Weeping Golden-barked Ash.) \$1.50 each.
- Fraxinus Pendula.** (Weeping Ash.) \$1 and \$2 each.
- Fraxinus Aucubæfolia.** (Aucuba-leaved Ash.) Leaves blotched gold. \$1 each.
- Gymnoclades Canadensis.** (Kentucky Coffee Tree.) Large bluish-green leaves. 75 cts. to \$1 each.
- Gleditschia Triacanthos.** (Honey Locust.) 50 cts. to \$1 each.
- Kolreuteria Paniculata.** Handsome foliage; yellow flowers in July. 75 cts. to \$1.50 each.
- Larix Europa.** (European Larch.) Elegant feathery foliage. 50 cts., 75 cts. and \$1 each.
- Lirodrendon Tulipifera.** (Tulip Tree.) Large Tulip-like flowers. 50 cts. to \$1 each.
- Liquidamber Styraciflua.** (Sweet Gum.) Very choice. Autumn color magnificent. 75 cts., \$1 and \$1.50 each.
- Magnolia Macrophylla.** (Great-leaved Magnolia.) Flowers 10 to 12 inches wide. \$1 and \$2 each.
- Magnolia Tripetala.** (Umbrella Tree.)
- Magnolia Soulangeana.** Large purple and white flowers; one of the best. \$1 and \$2 each.
- Magnolia Glauca.** (Sweet Bag.) 50 cts. and \$1 each.
- Magnolia Speciosa.** (Showy Magnolia.) Very choice. \$1 each.

Magnolia Gracilis. (Slender Magnolia.) 75 cts. each.
Malus Coronaria Odorata. (Fragrant Crab.) 50 cts. each.
Malus Parkmanii Flore Pleno. The most beautiful ornamental Crab. 75 cts. each.
Populus Caroliniana. (Carolina Poplar.) A spreading tree of very rapid growth. In good soils this tree will grow 6 to 10 feet in a season, and is the most satisfactory tree known for street planting in cities where other trees will not succeed. 50 cts., 75 cts. and \$1 each; extra large trees, \$1.50 to \$2 each.
Populus Fatigiata. (Lombardy Poplar.) 50 cts. each.
Prunus Pissardi. (Scarlet-leaved Plum.) New and choice. 50 cts. to \$1 each.
Paulownia Imperialis. (Immense leaves. \$1 each.
Phellodendron Amurense. (Chinese Cork Tree.) \$1 each.
Prunus Padus. (Eup. Bird Cherry.) 50 cts. and \$1 each.
Plantanus Orientalis. (Oriental Plane Tree.) Excellent street or avenue tree. 50 cts., 75 cts. and \$1 each.
Quercus Coccinea. (Scarlet Oak.) 75 cts. and \$1 each.
Quercus Pendula. (Weeping Oak.) \$2 each.
Quercus Palustris. (Pin Oak.) 75 cts. and \$1 each.
Salisburia Adiantifolia. (Jinko or Maiden-Hair Tree.) 50 cts., \$1 and \$2 each.
Salix Caprea Pendula. (Kilmarnock Weeping Willow.) 50 cts., 75 cts. and \$1 each.

Salix Babylonica. (Weeping Willow.) 50 cts. each.
Salix Laurifolia. (Laurel-leaved Willow.) Broad, glossy leaves. 50 cts., 75 cts. and \$1 each.
Sophora Japonica. Pea-shaped flower. 75 cts. each.
Sorbus Quercifolia. (Oak-leaved Mountain Ash.) 75 cts. and \$1 each.
Tea's Weeping Russia Mulberry. \$1, \$1.50 and \$2 each.
Tilia American. (American Linden.) 50 cts. to \$1 each.
Taxodium Sinensis Pendula. *Glyptostrobus.* (Chinese Cypress.) \$1 and \$2 each.
Taxodium Distichum. (Deciduous Cypress.) 75 cts., \$1 and \$1.50 each.
Ulmus Americana. (American Elm.) One of the finest native shade trees. 50 cts., 75 cts. and \$1 each.
Ulmus Americana Pendula. (Weeping American Elm.) \$1 and \$2 each.
Ulmus Pendulata Camperdowni. (Camperdown Weeping Elm.) \$1.50 to \$3 each.
Ulmus Latifolia. (Broad-leaved Scotch Elm.) 75 cts. and \$1 each.
Ptelia Trifoliata. (Hop Tree.) 50 cts. to \$1 each.
Persimmon. (*Diospyros Virginica.*) Handsome leaves and fruit. 50 cts., 75 cts. and \$1 each.

Elliott's Special Mixture of Lawn Grass Seed.

This mixture of Grass Seed is acknowledged by everyone as being the best that can be used. It is extra clean and entirely free of weeds. Price per quart, 20 cts.; 8 quarts, \$1; \$3 per bushel (14 lbs. to the bushel).

ORNAMENTAL SHRUBS.

We cannot impress too strongly on the owners of suburban homes the value and importance of flowering shrubs; but the old system of dotting a few of the common kinds all over the lawn is the worst use that can be made of them. Shrubs should be used freely and in groups or masses. In their blooming season they are incomparably finer and more effective than anything that can be produced with summer bedding plants. The season of blooming is so varied that, with care, groups or belts could be planted to follow each other, in flowering, from March to October. The shrubs should not be huddled together in compact masses, as is often done, but planted in irregular groups, forming nooks and glades and allowing room for the full development of each individual. These bays and open spaces afford precisely the proper degree of shelter for Lilies and many other fine hardy plants.

Special prices on large quantities. The prices quoted are for large well grown shrubs which will give satisfactory results. Extra large ones can also be supplied at very reasonable rates.

Amorpha Fruticosa. Graceful foliage; flowers dark purple. 35 cts each; \$3 per doz.

Amygdalus Alba Pleno. (Double White Almond.) 50 cts. each; \$4.50 per doz.

Amygdalus Rubro Plena. (Double Red Almond.) 50 cts. each; \$4.50 per doz.

Berberis Thumbergii. (Japan Barberry.) Dwarf; very choice. 25 and 50 cts. each; \$2.50 and \$4.50 per doz.

Berberis Purpurea. (Purple Barberry.) Rich purple leaves. 25 and 35 cts. each; \$2 and \$3 per doz.

Cornus Masculata. (Cornelian Cherry.) Yellow flowers; showy scarlet fruit. 35 and 50 cts. each; \$3.50 and \$4.50 per doz.

Cornus Sanguinea. (Red Twigged Dogwood.) 25 and 50 cts. each; \$2.50 per doz.

Cornus Siberica. Stems intense blood red. 50 cts. each; \$4.50 per doz.

Cornus Siberica Variegata. White foliage; choice. 75 cts. each.

Cornus Siberica Spathii Aurea Variegata. Yellow foliage; beautiful. 75 cts. each.

Calycanthus Floridus. (Strawberry Shrub.) 35 and 50 cts. each; \$3.50 per doz.

Chionanthus Virginica. White fringe; very handsome. 50 and 75 cts. each; \$4.50 and \$7.50 per doz.

Coronilla Emerus. (Scorpion Senna.) Reddish-yellow flowers. 35 cts. each; \$3.50 per doz.

Contoneaster Simmonsi. Orange-red fruit. 25 and 50 cts. each; \$2 and \$4 per doz.

Contoneaster Wheelerii. 50 cts. each; \$4.50 per doz.

Clæthra Alnifolia. (Sweet Pepper Bush.) Fragrant white flowers in summer. 25 and 50 cts. each; \$2 and \$4 per doz.

Cydonia Japonica. (Japan Quince.) Large scarlet flowers. 35 cts. each; \$3 per doz.

Cydonia Jap Alba. (White Japan Quince.) 35 cts. each; \$3.50 per doz.

Colutea Arborescens. Yellow flowers in July. 35 cts. each; \$3.50 per doz.

Deutzia Gracilis. White, very choice. 25 and 50 cts. each; \$2 and \$4.50 per doz.

Deutzia Crenata Fl. Pl. Large spikes of white flowers suffused with pink. 35 and 50 cts. each; \$3.50 and \$4.50 per doz.

Deutzia Watererii. Pure white; new and choice. 35 cts. each. Extra strong bushy plants, 50 cts. each; \$4 per doz.

Deutzia. (Pride of Rochester.) Double; pink and white flowers. 35 cts. each; \$3 per doz.

Dirca Palustris. (Leatherwood.) Rare. 50 cts. each.

Exochorda Grandiflora. Pure white; choice. 35 cts. each; \$3 per doz.

Eleagnus Longipes. Very choice; edible fruit. 35 and 50 cts. each; \$3 and \$4.50 per doz.

Eleagnus Augustifolia. (Narrow-leaved Oleaster.) Leaves silvery white. 50 cts. each; \$4 per doz.

Forsythia Suspensa. (Weeping Forsythia.) Very graceful. 25 and 50 cts. each; \$2.50 and \$4.50 per doz.

Forsythia Fortuneii. Golden yellow in early spring. 35 cts. each; \$3.50 per doz.

Forsythia Viridissima. (Golden Bell.) Very showy. 25 and 50 cts. each; \$2 and \$4 per doz.

Genista Tinctoria. (Woodwaxen or Dyers Broom.) 25 cts. each; \$2 per doz.

Hydrangia Quercifolia. (Oak-leaved Hydrangia.) Beautiful in both flower and foliage. 50 cts. each.

Hydrangia Paniculata Grandiflora. Too well known to need description. Perhaps the most popular shrub ever introduced. The most effective way of growing this handsome Hydrangia is to plant it in large beds. The plants should be set about 2 feet apart each way, and cut back every spring almost to the ground. This treatment will insure a strong growth and enormous panicles of bloom. It is entirely hardy everywhere. 25 cts., 50 cts., 75 cts. and \$1 each; \$2.50, \$4 and \$6 per doz. Special prices by the 100, on application.

Hypericum Prolificum. Golden yellow, flowers in July. 30 cts. each; \$3 per doz.

Hypericum Calycinum. (Evergreen.) 1 foot; immense yellow flowers; very choice. 30 cts. each; \$2.50 per doz.

Hypericum Moseuanum. This is the finest of all the Hypericums; large, bright golden-yellow flowers produced in profusion from June until October; perfectly if mulched in December.

Hibiscus. (Althea.) Many varieties. 25 to 50 cts. each; \$2.50 and \$4 per doz.

Hippophae Rhamnoides. (Sea Buckthorn.) Gray foliage. 50 cts. each; \$4 per doz.

Kerria Japonica Corchorus. (Globe Flower.) Double, yellow. 25 cts. each; \$2 per doz.

Kerria Japonica Fl. Pl. (Double Corchorus.) 25 cts. each; \$2 per doz.

Kerria Japonica Alba. (White Corchorus.) Very handsome. 35 cts. each; \$3.50 per doz.

Ligustrum Sinense. (Chinese Privet.) Neat and handsome; rare. 25 and 35 cts. each; \$2 and \$3 per doz.

Ligustrum Glauc. (Silver-leaved Privet.) 35 cts. each; \$3 per doz.

Ligustrum Ovalifolium. (California Privet.) Glossy leaves, white flowers; also a splendid hedge plant. 15 and 20 cts. each; \$1.50 and \$2 per doz. Special prices for large quantities on application.

Lonicera Fragrantissima. (Upright or Bush Honeysuckle.) 25 cts. and 50 cts. each; \$2.50 and \$4 per doz.

Lonicera Tartarica. (Tartarian Honeysuckle.) Shrubs. 35 cts. each; \$3.50 per doz.

Lonicera Ledebouri. Shrub; red flowers. 50 cts. each.

Myrica Cerifera. (Wax Myrtle-Candleberry.) 35 cts. each;

Potentilla Fruticosa. (Cinquafoil.) Yellow flowers; all summer. 35 cts. each; \$3 per doz.

Prinus Verticillata. (Black Alder.) 50 cts. each; \$4 per doz.

Prunns Triloba. (Double Flowering Plum.) Choice. 50 cts.

Philadelphus. (Mock Orange.) In varieties. 25 to 50 cts. each; \$2.50 and \$4 per doz.

Philadelphus Folis Auris. Dwarf, golden-leaved Mock Orange; one of the very best yellow-leaved shrubs. 35 and 50 cts. each; \$3 and \$4.50 per doz.

Pavia Macrostachia. Very choice. 50 cts. each; 35 per doz.

Ribes Gordonianum. (Flowering Currant.) 25 cts. and 35 cts. each; \$2.50 per doz.

Ribes Missouriensis. (Yellow-flowering Currant.) 35 cts. each; \$3 per doz.

Rhus Osbeckii. 50 cts. each.

Rhus Glabra Laciniata. (Fern-leaved Sumac.) Splendid foliage. 35 cts. and 50 cts. each; \$3.50 and \$4.50 per doz.

Rhus Cotinus. (Smoke Tree.) 35 cts. each.

Styrax Japonica. Rare. 50 cts. each.

Spirea Ariarefolia. White plumes of handsome flowers. 35 cts. each; \$3.50 per doz.

Spirea Fortunei Alba. White; dwarf. 25 cts. each; \$2 per doz.

Spirea Van Houtteii. Very choice. 35 cts. each; \$3.50 per doz.

Spirea Billardi. Pink; large spikes. 30 cts. and 50 cts. each; \$3 and \$4 per doz.

Spirea Opulifolia Aurea. Golden leaves; fine for massing. 35 cts. and 50 cts. each; \$3.50 and \$4.50 per doz.

Spirea Douglasii Rosea. Deep rose-colored in July. 35 cts. and 50 cts. each; \$3.50 and \$4.50 per doz.

Spirea Thunbergii. Pure white; handsome foliage. 25 cts. and 50 cts. each; \$2 and \$4 per doz.

Spirea Prunifolia Flore Pleno. (Bridal Wreath.) Double; white. 35 cts. each; \$3 per doz.

Spirea Lindleyana. Very distinct; white plumes, handsome foliage. 50 cts. each; \$4 per doz.

Spirea Bumalda. A very handsome new species from Japan; flowers deep rose color, and borne in the greatest profusion; foliage narrow, rich deep green, and frequently blotched and margined with yellow and pink variegations. It continues to bloom from the end of June till late autumn. The growth, though vigorous, is dwarf and it forms a compact, bushy plant, two to three feet high. Altogether it is the most valuable dwarf shrub recently introduced, and is remarkably effective planted in masses, or in beds as recommended for Hydrangia Grandiflora. For a low ornamental hedge it could not be surpassed by any shrub hardy in this latitude. Strong 2 year old plants, 30 cts. each; \$2.50 per doz.; \$18 per 100. Extra strong 3 year old plants, 40 cts. each; \$3.50 per doz.; \$25 per 100.

Spirea Salicifolia. Willow-leaved. 25 cts. each; \$2.50 per doz.

Spirea Callosa. Flat Corymbs of pink flowers. 25 cts. and 35 cts. each; \$2 and \$3 per doz.

Sambucus Aurea. (Golden Elder.) Splendid golden foliage. 35 cts. each; \$3.50 per doz.

Sambucus Variegated. (Variegated Elder.) Choice. 30 cts. each; \$3 per doz.

Symphoricarpus Glomeratus. (Indian Currant.) 35 cts. and 50 cts. each; \$3 and \$4 per doz.

Symphoricarpus Racemosus. (Snowberry.) Showy. 25 cts. and 35 cts. each; \$2 and \$3 per doz.

Syringa Lilac. Well-known popular shrubs.

Purple Lilac. 25 cts. and 50 cts. each; \$2 and \$3.50 per doz.

White Lilac. 35 cts. and 50 cts. each; \$3 and \$4 per doz.

Persian Lilac. 35 cts. each; \$3.50 per doz.

New Lilacs. Our collection consists of all the best new French introductions, and includes the Weeping Lilac and the Tree Lilac. Strong plants, true to name, 50 cts. each; \$4.50 for 12 distinct sorts. Some of these sorts are sold for \$1 and \$1.50 each.

Tamarix Africana. (Tamarisk.) Delicate feathery foliage; handsome pink flowers in spring. 35 cts. each; \$3.50 per doz.

Tamarix Chinensis. August and September. 35 cts. each; \$3.50 per doz.

Tamarix Parviflora. Blooms in summer. 35 cts. each; \$3.50 per doz.

Tamarix Gallica. July. 35 cts. each; \$3.50 per doz.

Tamarix Indica. Very beautiful. 35 cts. each; \$3.50 per doz.

Tamarix Tetandra. 35 cts. each; \$3.50 per doz.

Viburnum Plicatum. (Japan Snowball.) 50 cts. each; \$5 per doz.

Viburnum Lantana. (Way-faring Tree.) 35 cts. and 50 cts. each; \$3.50 and \$4 per doz.

Viburnum Lantanoides. (Moosewood.) Choice. 35 cts. and 50 cts. each; \$3.50 and \$4.50 per doz.

Viburnum Oxycoccos. (Bush Cranberry.) 40 cts. each; \$3.50 per doz.

Viburnum Opulis. (Snowball.) 35 cts. and 50 cts. each; \$3 and \$4 per doz.

Weigelia. (Diervilla.) A fine collection. 35 cts. and 50 cts. each; \$3 and \$4.50 per doz.

Rosa Rubignosa. (Sweet Briar.) 25 cts. each; \$2.50 per doz.

Import Prices for Rhododendrons and Hardy Azaleas.

For the benefit of our customers who desire to plant groups or masses of these magnificent shrubs we will import plants for delivery next spring. Our long experience in importing will insure our customers stock of the very best quality.

The prices quoted are very much lower than stock of the same quality can be purchased for anywhere in the United States. *To secure the benefit of these low prices orders must reach us not later than February 1st, 1896.* We cannot furnish smaller quantities than those quoted in this list, and we suggest that where these quantities are too large that several neighbors could combine their orders.

RHODODENDRONS.

Best Named Varieties.—Eighteen inches high, fine bushy plants, well set with bloom buds. 25 plants, \$24; 50 plants, \$40; 100 plants, \$70.

Best Named Varieties.—Two to two and one-half feet high. 25 plants, \$30; 50 plants, \$55; 100 plants, \$100.

HARDY AZALEAS.

Ghent Azaleas.—Best named varieties—strong plants, well set with bloom buds. 25 plants, \$20; 50 plants, \$35; 100 plants, \$65
Retail here at \$1.50 each.

Mixed Unnamed Ghent Azaleas.—Fine plants with bloom buds. 25 plants, \$16.50; 50 plants, \$27; 100 plants, \$50.

Azelea Mollis.—This splendid species from Japan brings an abundance of very large and beautiful flowers very early in the spring, before the Ghent Azaleas. Foliage large and growth vigorous. This will undoubtedly become very popular when it is better known. Extra strong bushy plants; well set with bloom buds. 25 plants, \$20; 50 plants, \$35; 100 plants, \$65.

Azelea Mollis for Fall Planting.—Good plants, well set with buds. 50 cents each; \$5 per dozen. Fine bushy plants, well set with bloom buds, \$1 each; \$10 per dozen.

PRUNUS PISSARDI.

The best red-leaved tree yet introduced. The color of the leaves increase in brilliancy during the summer months, instead of diminishing or disappearing altogether as is the case with all other trees having variegated foliage. It grows about the same size as our ordinary plum tree, and it is said to bear edible fruit of a purple color. It is, in our opinion, most effective when grown as a shrub having branches to the ground; and this form can be easily maintained by pruning, it being necessary only to cut back the points of the main shoots. The bright red of this Prunus forms an excellent contrast to the golden-leaved shrubs, such as Golden Elder, Golden Philadelphus and Golden Spirea. Good plants, three to four feet high, 50 cents each; \$4.50 per dozen. Extra strong and bushy plants, four to five feet high, 75 cents each; \$6 per dozen.

Hardy Climbing Plants.

Types of Clematis.

- Adlumia Cirrhosa.** (Mountain Fringe.) 25 cts. each; \$1.50 per doz.
Akebia Quinata. 35 cts. each; \$3 per doz.
Ampelopsis Quinquefolia. (Virginia Creeper.) 25 cts. each; \$2 per doz.
Ampelopsis Veitchii. (Boston Ivy.) 25 and 50 cts. each; \$2 and \$4 per doz.
Aristolochia Sypho (Dutchman's Pipe.) 25 cts., 50 cts. and \$1 each; \$2, \$4.50 and \$8 per doz.
Bignonia Grandiflora. (Trumpet Vine.) 25 and 50 cts. each; \$2 and \$4.50 per doz.
Celastrus Scandens. (Bittersweet.) 25 cts. each; \$2.50 per doz.
Clematis Flamula. White. 25 and 50 cts. each.
Clematis Graveoleous. Yellow. 25 cts. each.
Clematis Crispa. 30 cts. each.
Clematis Virginiana. 30 and 50 cts. each.
Clematis Viticella. Dark blue. 25 cts. each.
Clematis Jackmanii, and other large flowered varieties. 50 and 75 cts. each; \$5 and \$7.50 per doz.
Lonicera Halliana. (Evergreen Honeysuckle.) One of the best. 25 and 50 cts. each; \$2 and \$4 per doz.
Lonicera Scarlet Trumpet. (Coral Honeysuckle.) 50 cts. each.
Lonicera Belgica. (Belgian Honeysuckle.) 25 and 50 cts. each; \$2.50 and \$4 per doz.

- Lonicera Aurea Variegata.** (Golden Honeysuckle.) 25 cts. each; \$2.50 per doz.
Periploca Grecca. (Silk Vine.) 35 cts. each.
Wisteria Sinensis. (Chinese Purple Wisteria.) 25 and 50 cts. each; \$2 and \$4 per doz.
Wisteria Alba White; choice. 75 cents each.

Fruit Department.

APPLES.

We grow many varieties of Apples as well as all other fruits, and can supply all the important kinds. The varieties named we consider the best for general purposes.

We shall be pleased to quote prices to any one desiring stock in larger quantities than offered herein.

Astrachan Red, Early Harvest, Keswick Codlin, Fall Pippin, Rambo, Golden Gate, Maiden Blush, Holland Pippin, Sherwood's Favorite, Baldwin, Ben Davis, Grimes Golden, Roxbury Russet, Wealthy, King of Tompkins Co., Fallawater, Northern Spy. Three year old trees, 5 to 7 feet, 25 cts. each; \$2.50 per doz.; \$16 per 100.

Crab Apples. Hysop, Hews Virginia, Transcendant. 35 and 50 cts. each.

PEARS.

Standards. Bartlett, Clapp's Favorite, Le Conte, Dogenne d'Ete, Duchess Louise Bon de Jersey, Beurre De Anjou, Seckel, Keiffer's Hybrid, Shelden, Mt. Vernon, Vicar of Wakefield. 5 to 6 feet, 50 cents each; \$5 per doz.

Dwarfs. Bartletts, Clapp's Favorite, Le Conte, Mt. Vernon, Duchess, Beurre de Anjou. 50 cts. each; \$5 per doz. Extra large trees, \$1 each.

CHERRIES.

Fine trees, 5 to 6 feet, 50 cts. each; \$5 per dozen. Black Tartarian, May Duke, Gov. Wood, Yellow Spanish, Ohio Beauty, English Morello.

PLUMS.

Fine trees, 5 to 6 feet, 50 cts. each; \$4.50 per doz.; \$35 per 100. Damson, Lombard, Smith's Orleans, Green Gage, Yellow Egg and German Prune.

PEACHES.

All the popular standard varieties. Selected 1 year old trees, 15 cts. each; \$1.50 per doz.; \$10 per 100.

APRICOTS AND NECTARINES.

All the best sorts suitable for this climate. 50 cts. each; \$4.50 per doz.; \$35 per 100.

QUINCES.

Orange and Champion. 3 to 4 feet. 50 cts. each; \$4 per doz.

Ray's Mammoth and Meech's Prolific. 75 cts. each; \$6 per doz.

GRAPES.

Strong 2 year old vines. Prices per 100 on application. Concord, Agawam, Catawba, Hartford, Niagara. 15 cts. each; \$1.50 per doz.

Brighton, Salem, Delaware, Lindley, Moore's Early, Pocklington. 25 cts. each; \$2 per doz.

RASPBERRIES.

The Black Caps do best planted in the spring. Clarke, Cuthbert, Philadelphia. 10 cts. each; 50 cts. per doz.; \$2.50 per 100.

Golden Queen. This new raspberry originated on the farm of Ezra Stokes, in Camden Co., N. J., and is described by him as an improved Cuthbert, of a beautiful yellow color. He says it may be fittingly described as a variety of six cardinal virtues, viz: 1. In flavor it rivals that venerable and highest in quality of all Raspberries, Brinkle's Orange; 2. In beauty it transcends all other Raspberries I have ever seen, being of a rich, bright creamy yellow color; 3. In size it challenges the large Cuthbert; 4. In vigor it fully equals its parent (the Cuthbert) and resists heat and drought even better; 5. In productiveness it excels the prolific Cuthbert; 6. In hardiness it has no superior. 50 cts. per doz.; \$3 per 100; \$20 per 1000. Gregg, Mammoth, Cluster, Black Caps. 50 cts. per doz.; \$2.50 per 100; \$15 per 1000.

BLACKBERRIES.

Kittatiny, Wilson's Early, Taylor's Prolific. 75 cts. per doz.; \$3 per 100.

GOOSEBERRIES.

Downing, Houghton Seedling, Smith's Improved 25 cts. each; \$1.50 per doz.; \$10 per 100.

CURRENTS.

Fay's Prolific. 2 years. 20 cts. each; \$2 per doz.; \$12.50 per 100.

Black Naples, White Grape, Cherry, Red Dutch and La Versailles. 2 year old plants. \$1.50 per doz.; \$6 per 100.

RHUBARB.

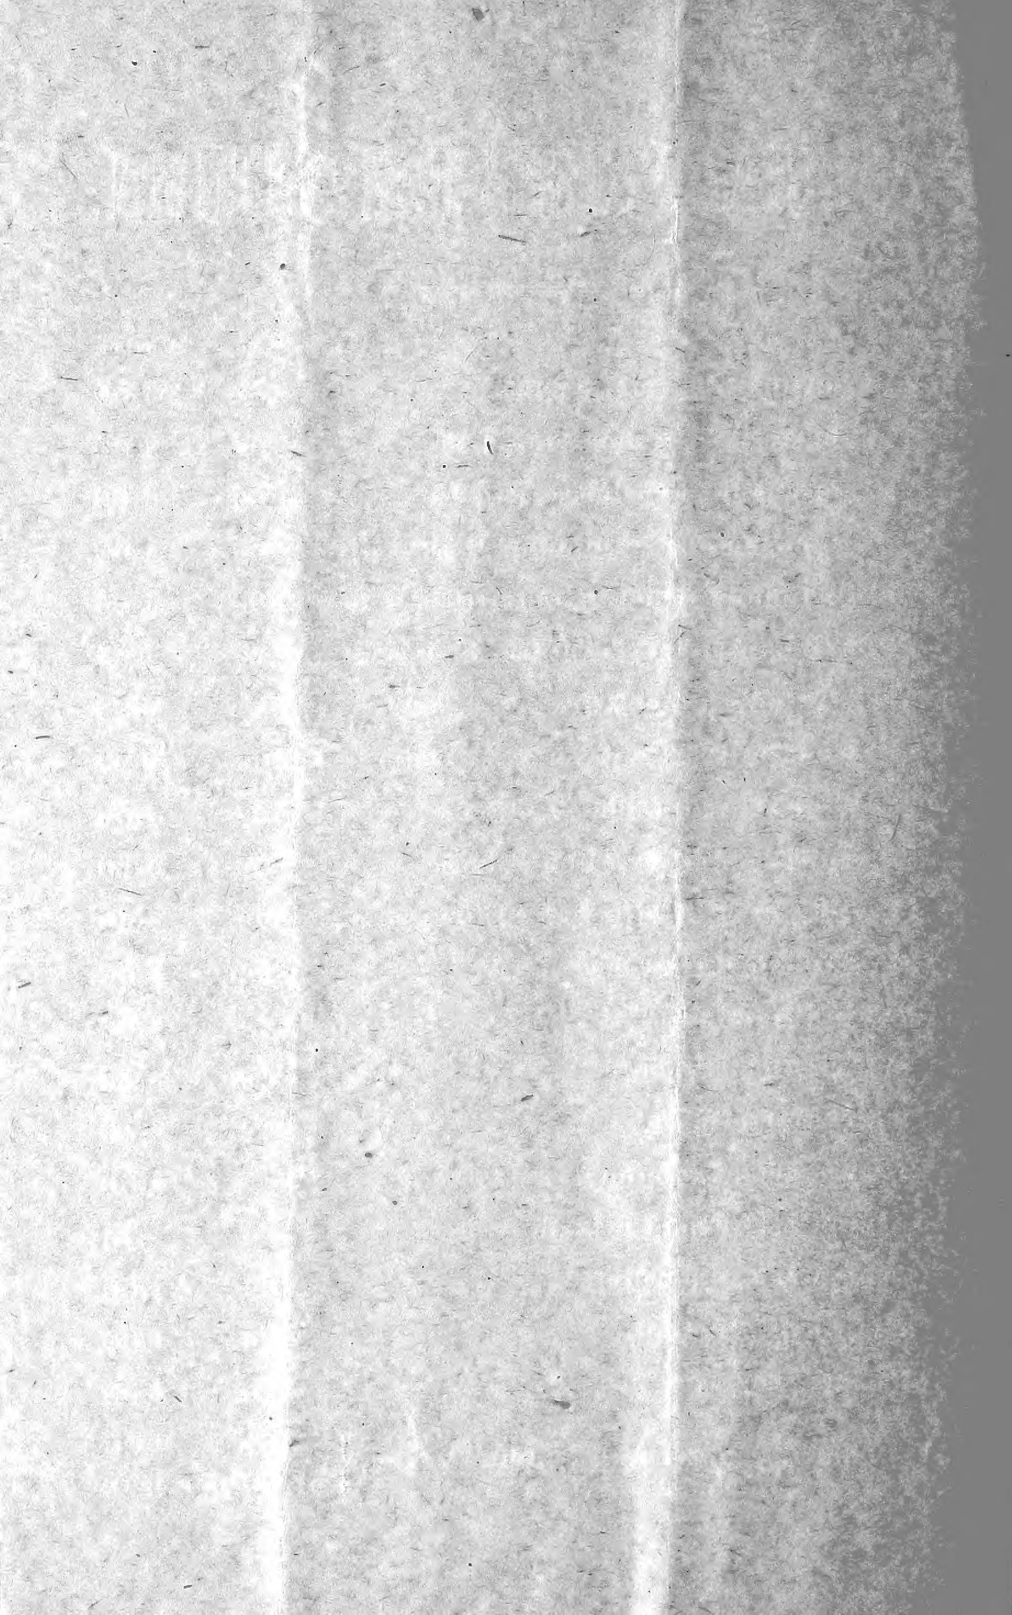

Myatt's Linnaeus. Strong Roots. 15 cts. each; \$1.50 per doz.

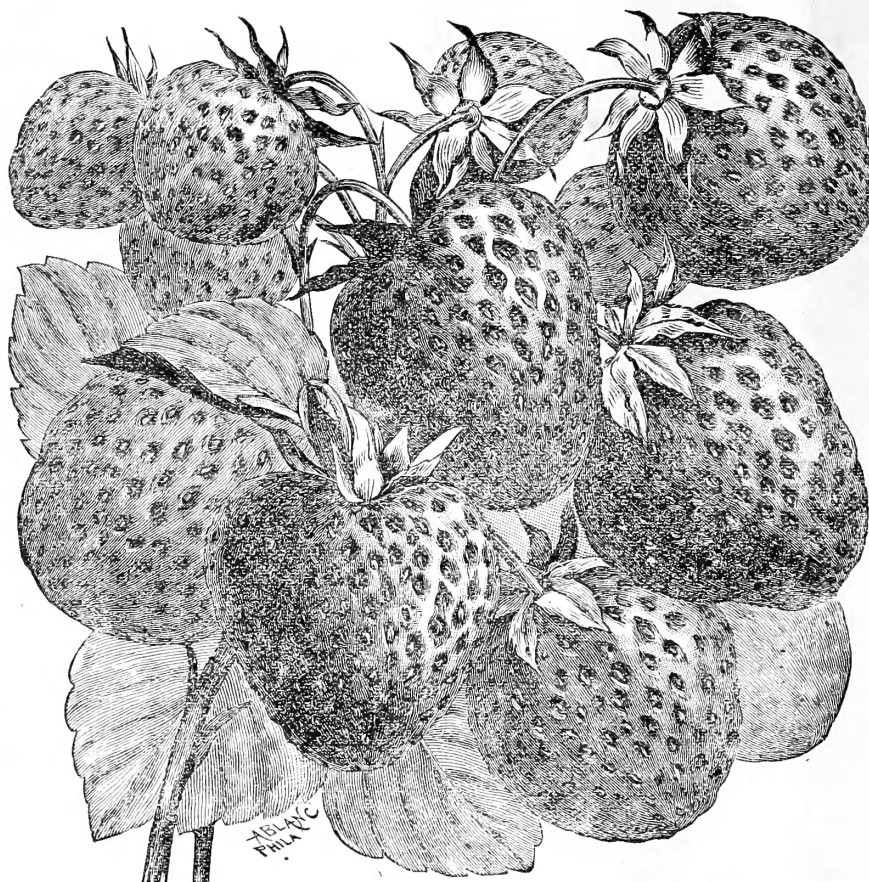

ASPARAGUS.

Smolley's Defiance, Connover's Colossal, Palmetto. 1 year old, 50 cts. per doz.; \$1 per 100. 2 year old, 50 cts. per doz.; \$1.50 per 100.

Pot-Grown Strawberry Plants.

It is to the interest of those who plant but a small number of plants to buy those pot-grown, as the plants are not injured by transplanting and may be depended upon to produce a crop of fine fruit next June, while those not pot-grown are sure to suffer during the dry weather which usually prevails in the late summer months.

We grow 25 varieties, comprising all the best new and old sorts. Pot plants, 50 cents per dozen ; \$3 per 100 ; \$25 per 1000.

Layers from open ground, 30 cents per dozen ; \$1 per 100 ; \$5 per 1000.
